Ray -- this is your call on the tour since it was your idea. Considering the number of folks that may want to participate (e.g., about 30), it may not be that easy to arrange especially with many government vehicles being used for the hurricane response.

Amy Legare---11/21/2012 09:19:04 AM---OK, I'll adjust the agenda. What about the tour? Is that still on? If so it should be added it to t

OK, I'll adjust the agenda. What about the tour? Is that still on? If so it should be added it to the agenda and then other sessions will need to be adjusted.

If need be we can do a catered lunch to save some time - sandwiches or pizza.

I agree completely -- Q & A during the presentation, as long as its controlled, makes sense and is probably more effective than waiting until the end. Now we have to convince Lois..

based on the last 3 joint meetings, even if we try to limit questions during the presentation to clarifying questions, I suspect the Region's presentation will take more then 1 1/2 hr. But we have a lot of room built in for Qs and As that day. Just don't want the Region to think they have to finish in 1 1/2 hr, and therefore end up rushing it.

John makes a good point, the Region's presentation including Walter's opening remarks should be 1 1/2 hours and the State presentation should be 1/2 hour. Let us know if that makes more sense.

Not to speak for Ray, but you may want to add a bit of time to the site presentation slot by the region. Walter will be opening up the discussion and do some of the talk before turning it over to Alice and Ray. I also suspect that the state will not take a whole hour. Ray -- thoughts?

Please let me know if you'd like to make any changes. [attachment "NYC Passaic Dec 2012.docx" deleted by Ray Basso/R2/USEPA/US]

Steve - do you have a call scheduled with the region between now and the meeting? If so please add the Board to the invite list. If not do you think we should have one?
